CCAD STUDENTS GIVE STATE AUTO A NEW PAINT JOB

From the initial prepping and priming in the heat of July to applying bright strokes of color, CCAD students have been working hard to give neighbor State Auto a touch up. Working under the supervision of CCAD instructor Kristine Schramer, students have been painting a mural on one of State Auto's buildings. The painting is a reproduction of a piece by nationally renowned artist (and CCAD alumna) Aminah Robinson.

The mural, which faces west toward Washington Avenue, marks the start of the Arts Walk that State Auto constructed last year. The Arts Walk stretches from the CCAD campus to Thurber House.

The students to the left created this stunning piece of public art.
